Established in 2017, Smoke Alarm Integrity is a 100% Australian owned and operated company.

EXPERIENCED TEAM

With several former property managers and compliance industry experts among our team, it's safe to say we are uniquely conscious of the ways we can make your role easier. Additionally, all Smoke Alarm Integrity field staff are police-checked, direct employees of our company and are easy to identify in branded vehicles and clothing.

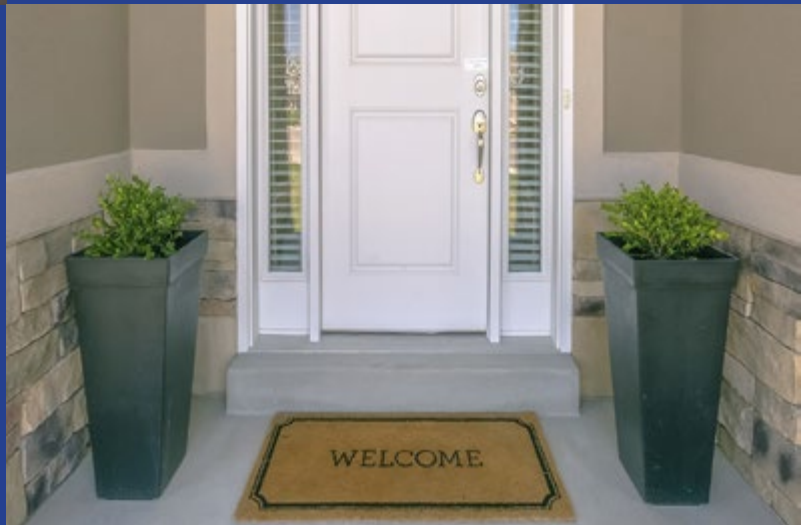

SENSE OF URGENCY

We prioritise urgent job requests. If a beeping alarm is reported, we'll talk you and/or your tenants through the disarming process and organise for a technician to attend as quickly as possible. We even have an after hours troubleshooting service available for those unwelcome late-night or weekend beeping alarms.

HASSLE-FREE PROPERTY ACCESS

Whether it's access via key pick-up, lockbox or directly through tenants, we are equipped to arrange inspections according to your needs. Where entry notices are required, we'll issue these by email (usually 72 hours prior to inspection) and send an SMS reminder to tenants 24 hours before we attend.

FLEXIBLE 2022 LEGISLATION UPGRADE PLAN

Upgrading your investment property by the deadline to comply with 2022 smoke alarm legislation may not be optional, but our upgrade plan offers choice and flexibility in pricing, payment and scheduling options. We will even provide you with a quote for the upgrade free of charge.

COMPREHENSIVE INSPECTIONS

During compliance inspections, our electricians service and photograph all smoke alarms, leave a calling card to advise an inspection has taken place and ensure the property is left clean and tidy where alarms have been installed or replaced. Upon your request, a water meter reading and safety switch test will also be carried out as a complimentary inclusion with smoke alarm servicing.

EFFICIENT REPORTING

Our reporting guarantee ensures you will receive your compliance report within 24 hours of inspection, although 99.8% of the time compliance reports are sent to you on the same day as your inspection.

EASY CHANGEOVER

Experience excellent service sooner by requesting a copy of our changeover guide, which outlines how to make the conversion to Smoke Alarm Integrity. Time-poor? No worries! Let us come to you and take care of the whole changeover process on your behalf.

SERVICE WITH HEART

As a service provider we are committed to making a difference not only through exceptional service but by contributing to our local and national communities. This is why we have launched our 'Service with Heart' initiative. This initiative will see Smoke Alarm Integrity donating on your behalf to any legitimate charity or cause of your choice when you engage our team to service your rent roll.

✉ service@smokealarmintegrity.com.au

My name is Vicki Bailey, the owner and founder of Smoke Alarm Integrity. For seven years, I was the General Manager of what was to become Australia's largest service provider at the time and helped grow that company from servicing 30,000 properties to more than 225,000 properties.

I am now using my experience, knowledge and absolute dedication to exceptional service to ensure Property Managers and Lessors are provided with an outstanding compliance experience with genuine integrity at its core. Smoke Alarm Integrity is a perfect balance of brilliant service and competitive pricing.

Contact us today to request a copy of our changeover guide and begin experiencing the Smoke Alarm Integrity difference for yourself.
